

Cost saving potential for industrial floorings

Industrial floor with d= 20 cm	Conventional reinforcement	Steelfiber	Microfiber High Grade	Macrofiber	Savings per m ³ industrial floor
 <p>Load of the industrial floor</p>					<p>Additional economic benefits</p> <ul style="list-style-type: none"> - low abrasion - easy to handle - low transport costs
Low			Dosage 1.00 kg/m ³		
					<p>Compared to steel fibers up to 40 % savings</p> <p>Compared to steel reinforcement up to 60 % savings</p>
Medium			Dosage from 3.00 kg/m ³		
					<p>Compared to steel fibers up to 15 % savings</p> <p>Compared to steel reinforcement up to 40 % savings</p>
High			Dosage from 4.00 kg/m ³		
					<p>Compared to steel fibers up to 10 % savings</p> <p>Compared to steel reinforcement up to 30 % savings</p>
